

The ultimate H.P. Lovecraft horror comedy!

Weapon Wielding Psychos, Evil Temptresses, Madmen, Creatures From Beyond, Forces of The Unknown, Sex-Crazed Zombies, and One Man caught in the middle.

From producer/director Elias ("Gut") and BIFF JUGGERNAUT Productions comes LOVECRACKED! THE MOVIE, a camp horror anthology inspired by cult author H.P. Lovecraft ("Re-Animator", "From Beyond"). Following in the tradition of George A. Romero's "Creepshow", "Tales From The Darkside" and "Trick 'r Treat", LOVECRACKED is an international collaboration, including directors from the USA, UK and Sweden.

LOVECRACKED follows the exploits of a bumbling, investigative journalist as he struggles to discover the truth behind enigmatic horror author H.P. Lovecraft and his mysterious past. Along the way strange and macabre tales play out, pulling the reporter ever deeper into the writer's mystical world. Will the journalist finally prevail or will he end up without a clue as usual? One thing's for sure: the truth is out there... he's just not entirely sure where.

LOVECRACKED features Nicky Ladanowski ("Law and Order: UK"), Nick Ewans ("28 Days Later", "Shaun of The Dead"), Nick Basile ("The Bay"), Peter Bramhill ("Human Traffic"), Dan Payne ("Stargate SG-1", "Smallville"), Gillian MacGregor ("The Sick House"), Susan Adriansen ("The Blood Shed"), Matt Renicks ("Pot Zombies"), Tom Wontner ("TrashHouse"), Chad Bernhard ("The Dark Angel"), adult film sensation Joanna Angel ("The Xxxorcist"), Lloyd Kaufman ("The Toxic Avenger", "Poultrygeist") and many more!
